

KNOW THE FACTS

ANSWERS FOR DISCUSSION

- 1 Car crashes are the #3 killer of teens. **T** **F** Car crashes are the #1 killer of teens, including young teens who are not driving yet.
- 2 The safest place for a child to ride is in the back seat. **T** **F** Until they can sit with their backs against the front seat, legs bent over the edge while safely belted, they should ride in the back.
- 3 It's okay to ride with the shoulder strap behind you. **T** **F** The shoulder strap should cross the chest & shoulder and the lap belt should be snug on the hip bones.
- 4 Driving drunk with a child (younger than 15) passenger in the vehicle, you could face:
A A fine
B License suspension
C Jail time
D All of the above
- 5 Seat belt use begins to decline at age 11. **T** **F** Make it a habit to check seat belts and car seats.
- 6 Teen drivers are less likely to make other young passengers buckle up. **T** **F** Teens are also less likely to buckle up.
- 7 Children learn driving behaviors before they ever get behind the wheel. **T** **F** Children watch what you do and how you react and pick up good and bad habits.
- 8 Car seats expire. **T** **F** Check for an expiration date on your car seat label.
