

# DRUGS & DRIVING

## DON'T MIX

Driving a car is harder than it seems, and while you may not be driving yet, it's important to understand how drugs can impact a person's ability to drive safely when abused. Color in each picture and then draw a line to the matching set of side effects. It is important to note that many drugs have multiple side effects, especially when abused.

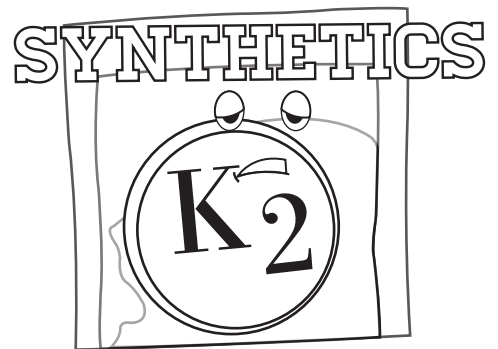

**DIZZINESS**

**EXTREME ANXIETY**

**SLOWED REACTION TIME**

**NUMBNESS**

**DROWSINESS**
