

Pedestrian & Bike Safety Digital Learning Kit

Junior High and High School Students

Event Hours: 45-60 minutes

Objectives of the Pedestrian and Bike Safety Digital Learning Kit is for students to:

1. Conduct outreach and messaging to be safe pedestrians, bicyclist and/or drivers.
2. Better understand risks and dangers for pedestrian and bikes.
3. Learn more about the laws of Texas Roads.

Items Included in Kit:

- Pedestrian & Bicyclist Safety PowerPoint presentation (PDF & Video 10 minutes)
- Trivia Game via Kahoot.it (Challenge Pin: 09174978)
- Trivia Game Question and Answer key (see below)
- Heads Up, Listen Up Pedestrian and Bike Safety Activity Page
- Supplemental brochures and postcard to print
- Computer/Electronic Device

Several Ways to Use:

1. **TDS Students can present to their peers the Pedestrian & Bike Safety PowerPoint presentation is available at https://youtu.be/9KHhHqb9_E0 for students to present to their peers.**
 - Setup and utilize an online conference service (i.e. Zoom).
 - Schedule & announce to the class a date & time for the Pedestrian & Bike Presentation.
 - TDS Students present the information to their peers.
 - After the presentation, students can test their pedestrian & bike knowledge with trivia at Kahoot.it (Challenge Pin: 09174978).
2. **TDS students can notify their peers of the recorded Pedestrian & Bike Safety PowerPoint presentation and encourage them to view it at https://youtu.be/9KHhHqb9_E0**
 - Send the pre-recorded presentation via text, email, or social media to students.
 - Have students participate in Kahoot Pedestrian & Bike Trivia challenge at a specific date and time.
3. **Provide students with the Kahoot Challenge information to complete on their own time**
 - Kahoot.it (Challenge Pin: 09174978)
4. **Provide students with Interactive Activity Page to learn more about Pedestrian & Bike Safety.**

Notes for Facilitator:

*After the presentation continue the conversation with discussion topics. For example: Share a personal experience or story about how a bike/pedestrian crash may have affected their life.

*At the conclusion of the trivia challenge, review the trivia questions to identify areas that students could benefit from more information.

- Review each trivia question and talk about the correct answer, noting areas where students answered incorrectly.

*For students completing the trivia on their own, some suggested follow-up activities include:

- Have students share their results with you/the class or on social media tag @youthwalkbikesafe
- Ask students to write about a bike/pedestrian crash or an experience they may have had that has affected their view on traffic safety.
- Ask students to color the coloring page and share on their social media channels.

*When sharing on social media make sure to add your school name and tag @youthwalkbikesafe for All-Stars points.

If you are a current TDS school, complete an activity form on t-driver.com for TDS All-Stars points.

If your school does not currently have a TDS team, locate your regional representative on our website www.t-driver.com and contact them to learn how to get one started.
