- Rollover Video

CAUTIONS

- **Create a Safe Play Area:** Ensure your play area is free from obstacles that might cause injury.
- **Use in Safe Environment:** Use the headset in a safe environment and avoid standing unless the experience requires it.
- **Take Regular Breaks:** To prevent eye strain and fatigue, it is advised to rest your eyes and stretch your body periodically.
- **Monitor Physical Responses:** If you experience symptoms like dizziness or nausea, stop using the headset immediately.
- **Use Wrist Straps:** Use wrist straps to secure the controller to your wrist during the simulation to prevent accidents from happening.
- **Adjust Settings:** Adjust the side and top straps to ensure comfortable placement of the headset and the image is clear.
