

2019-2020

**TDS TEAM MEMBER CALENDAR
AND ACTIVITY PLANNING GUIDE**

HIGH SCHOOL

HIGH SCHOOL

**take the
pledge.**

I make this pledge,
both bold & brave,
so someone's life
I will help to save.

Watch my speed,
stay awake & know
the difference a
drink can make.

Buckle up & avoid
distractions - like
texting, cell phones -
such deadly actions.

Golden rules, simply
five, strive to keep
our drive alive.

INTRODUCTION

Too many teens are dying. You can help stop that.

While in high school, you'll probably never do anything more dangerous than drive a car – or ride in one that's driven by another teenager. Car crashes are the leading cause of injury and death for teens in America.

- About 2,700 teens per year are killed in crashes in the United States. (National Highway Traffic Safety Administration (NHTSA)) That's like loading up a school bus with teens and crashing it every week for an entire year!
- Crash rates for 16 to 19-year-olds is nearly 3 times the rate for drivers over 20. (Insurance Institute for Highway Safety (IIHS))
- Crash risk is the highest between ages 16-17. In fact, the fatal crash rate per mile driven is nearly twice as high for 16 to 17-year-olds as it is for 18 to 19-year-olds. (IIHS)
- Crash risk is particularly high during the first months of licensure. (CDC)
- For every teenager killed, more than 100 others are injured. (CDC)

SO...WHY IS THIS HAPPENING?

Simple – young drivers just don't have enough driving experience. In addition, most young drivers don't know the preventable dangers they face every time they get in the driver's seat. Since they are not aware of the dangers, they don't know how to avoid them. In just about every crash involving a young driver, you'll find common factors that contributed to the crash.

THE GOOD NEWS IS THESE INJURIES AND DEATHS CAN BE PREVENTED.

WHAT ARE THE COMMON FACTORS?

Graduated Driver Licensing laws encourage new drivers to get lots of driving experience in the safest conditions possible and avoid the following common crash factors:

- Distractions, like cell phones and teen passengers
- Driving at night and drowsiness
- Speeding and street racing
- Not wearing a seat belt
- Impairments, like underage drinking and drugs

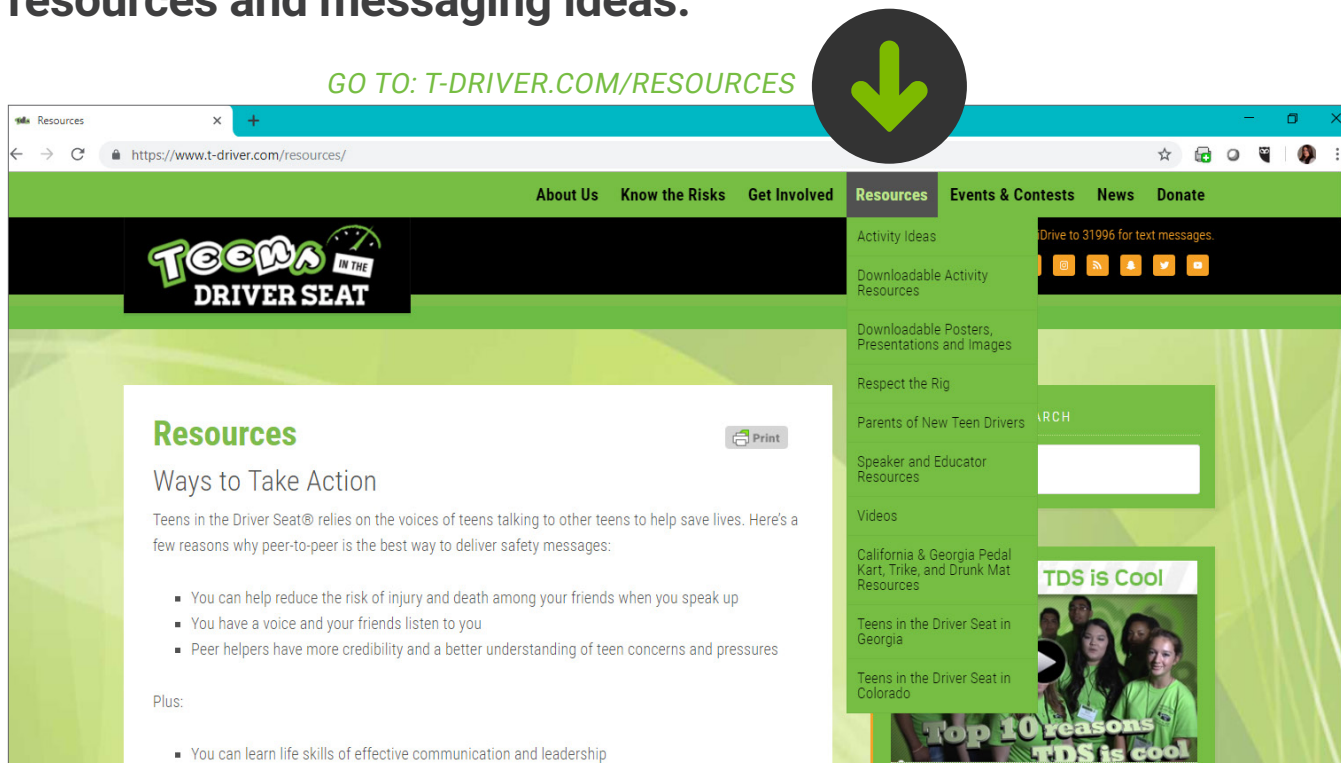

WHAT CAN YOU DO ABOUT IT?

Experts call this an epidemic, and they're right. It's out of control. But this program, [Teens in the Driver Seat®](#), is turning things around, and your school can be part of it.

While other driving safety campaigns have been put together by adults telling you what you need to do, Teens in the Driver Seat is different. This program is driven by teens, just like you, talking to other teens about the top five dangers and holding each other accountable to stay safe. With consistent messaging by you, Teens in the Driver Seat saves lives.

STAY CONNECTED FOR SUCCESS

Now it's time to share the message with your classmates. There are so many ways to stay connected and find resources and messaging ideas.

Give your TDS team a jumpstart by using readily available tools and activity resources on T-driver.com. Use the teen stories, teen driving statistics, event highlights, videos that you could ask your local stations to use on the air or play on your school's morning/afternoon announcements to help spread the message.

Activity ideas and Sponsored Activities can be found on the website, our social media pages, monthly newsletter and of course in this calendar. Free educational materials to help spread the word can be reordered each school year.

MAKE SURE YOU'RE CONNECTED FOR THE LATEST RESOURCES AND INFO:

- T-Driver.com
- TDS Newsletter
- TDS Social Media Channels
- TDS Text Messages

TEXT IDRIVE TO 31996 FOR WEEKLY SAFE DRIVING TEXT MESSAGES!

KEEP IT GOING

By getting the right message to others, you can help stop the epidemic that kills more teens in this country than any other cause. **But, it's not a one-time effort.**

It's not enough to get the right message out — you have to **get the message out time and time again** so that your classmates are reminded about the dangers and what to do about them.

Hold regular meetings with your sponsor and team. Plan and host activities throughout the school year. Report activities for All-Star points!

To get a better picture of the problem, distribute the TDS Survey and do Zero Crazy observations. Surveys are conducted annually, and Zero Crazy observations are a guided activity that focuses on seat belts and electronic use behind the wheel. The results will help your team pinpoint future outreach efforts.

This tragedy didn't become an epidemic overnight. We won't solve it overnight. The sooner you start, the sooner you can make a difference.

TEENS IN THE DRIVER SEAT IS LOOKING FOR ALL-STAR!

We reward active schools for their meaningful contributions to reduce car crash injuries and fatalities.

WWW.T-DRIVER.COM/ALLSTAR

Order a new kit every school year to continue your messaging. Place your order to be considered an active TDS school.

AWARDS & INCENTIVES

Choose your own level of involvement, with a chance to earn cash for your school.

	★	★★	★★★	★★★★

TEENS IN THE DRIVER SEAT	✓	✓	✓	✓
TEEN OF THE MONTH	✓	✓	✓	✓
SPONSTAR AWARD	✓	✓	✓	✓
TEEN OF THE YEAR	✓	✓	✓	✓

*Activity points awarded each March 21, 2019.
Please note new nomination deadline on www.t-driver.com/awards.

TDS ALL-STARS

Join the All-Stars and win cash for your school. Every hard-working team has a chance to win cash for their school and be recognized as a 1, 2, 3, or 4-star school.

Teams receive points for completed and reported activities to earn their place as an All-Star! We keep track and post a Point Tracker throughout the calendar year so you know where you're at and how many more points are needed to be an All-Star. Each level has a different cash value and a set of criteria you must meet. The TDS All-Stars closes October 18, 2019. Activities occurring October 19, 2019 through October 16, 2020 will count towards the 2020 TDS All-Stars. Deadlines are in the calendar and www.t-driver.com/allstar-rules/.

TEEN OF THE MONTH

Are you actively involved in your team's activities and a great safe driving activist? Tell us about it! Complete the application form online at: www.t-driver.com/apply-teen-month/

SPONSTAR AWARD

The purpose of this award is to recognize the teacher/sponsors that make a difference to teens through their work with the Teens in the Driver Seat program. Nominate your teacher/sponsor for this recognition, online at: www.t-driver.com/sponstar/

Teens in the Driver Seat SUMMIT 2019

December 7-9

TEENS IN THE DRIVER SEAT SUMMIT

The Summit is an event that showcases student leaders in bringing awareness about this problem to their peers, their families, and their community. Learn more about this epidemic and latest innovative solutions to combat it. Activities are available for teens, teachers, school administrators, families, law enforcement, safety practitioners, industry, and more. All are invited to attend this event. www.t-driver.com/tdssummit/

DRIVING THE MESSAGE CONTEST

Time to speak up, save a life, and cash in!

We know the best messaging comes from your own voice and that is what we are wanting to hear! Send us your best creations and we use them to help other teens spread the message about safe driving. **The annual contest starts on 11/1/10 and all entries are due by 1/24/20.** Any junior or high school student may enter. Send as many entries as you want and you can work in teams or individually. Make sure you read the rules and don't miss the deadline.

2019 1st Place High School Winner

Ryan Velasquez, Harlingen HS South, Harlingen, Texas

ACTIVITIES & INVOLVEMENT

Sign up for these fun activities to take your team to the next level.

ZERO CRAZY!

This is an activity that focuses on increasing seat belt use and decreasing electronic use behind the wheel. Information is sent at the beginning of each semester, then teams have until the end of the posted deadline to complete and return all observations. There is a pre-observation, three weeks of activities, and a post-observation. Information is sent in and the school receives a report on the habits they changed in their community, a gift card, and are awarded 15 TDS All-Star points. If your team completes both Zero Crazy seat belt and distractions activities, you will receive 40 points! **At least one is required to win All-Star cash.** www.t-driver.com/zero-crazy/

RIDE WITH ME

Ride With Me is a teen-to-parent activity to help reduce teen crashes. Sign up to participate and your team will be sent a kit with parent, presentation, and instructional materials. Present set materials to a group of parents and let us know how it went before the deadline for TDS All-Star points. **This activity is required for top All-Star cash.** www.t-driver.com/ride-with-me/

TEEN ADVISORY BOARD

Teens in the Driver Seat can only succeed with the involvement and commitment of young people who are represented by the Teens in the Driver Seat Teen Advisory Board. **Applications are open 1/27/20 through 3/9/20.** Go to www.t-driver.com/about-us/teen-advisory-board/ for more info. Board members are selected for the next year at the end of each school year. Board members:

- Provide insight on how to engage their peers and sustain their interest in Teens in the Driver Seat
- Assist in organizing program-oriented events and activities
- Provide feedback, ideas, and opinions on new program materials, safety messages, promotional items, and related elements
- Participate in quarterly meetings
- Serve as ambassadors and leaders for Teens in the Driver Seat

TEEN TAKEOVER

Share what's happening on your campuses and give a teen perspective on driver safety with Teens in the Driver Seat's social media network. Be the voice of TDS for a day by taking over one of three social media channels: Twitter, Instagram, or Snapchat. Fill out the activity request online at www.t-driver.com/get-involved/teen-takeover/ and your team will be awarded TDS All-Star points once you complete your Teen Takeover day.

WHY WE COLLECT SURVEYS:

Texas A&M Transportation Institute is a research organization, so we use the surveys to measure how we are doing by looking at student awareness and driving behaviors. We share this information with the schools and our sponsors, because inquiring minds want to know! And, if you are wondering if we are making a difference, the answer is an enthusiastic YES! We know that in the years Teens in the Driver Seat has been around, teens buckle up more (14%) and use their cell phones behind the wheel less (30%).
