

Heads up, Listen Up!

Railroad crossings are something we all interact with on a regular basis. This could be either as pedestrians, cyclists, or drivers. Be aware of the risks associated with these crossings and do your part in staying aware and safe. Together, we can save lives and prevent rail-related crashes.

1 **EMERGENCY ON THE TRACKS?**
Look for the blue information sign at all railroad crossings.

2 **DON'T CROSS DISTRACTED!**
Keep your head up and always expect a train. Avoid all distractions when near a railroad.
